Compressed Air Plant Hire & Leasing Packages

www.chelmerpneumatics.co.uk

CPC Compressor Hire

CPC offer a wide range of both new and reconditioned compressed air plant for both short and long term hire.

In the case of a breakdown CPC can provide a rapid solution so that your production or process is not compromised. Special terms are available for standby hire.

Consider CPC hire plans as an opportunity to upgrade (or downsize) your compressed air plant for state-of-the-art energy efficient equipment.

- Reduce energy costs with variable frequency control machines
- No capital outlay - hire costs are fully tax deductible as a direct business expense
- Our hire packages include installation and all maintenance costs
- Hire enables accurate budgeting – fixed costs for three or five years
- Full breakdown cover – 24/7, 365 days/year

CPC – revolutionising the specification, supply and installation of compressed air, Nitrogen and vacuum generation and treatment.

**Call 01376 500595 or
email sales@chelmerpneumatics.co.uk
for a consultation**

Compressed Air Equipment Leasing

The benefits:

- No capital outlay
- 100% tax relief on all payments
- New energy efficient equipment
- 3-5 year fixed cost plans
- Includes all maintenance and installation costs
- Guaranteed air quality
- 24/7 cover, 365 days/year
- Replace equipment at end of term or purchase for nominal payment
- Packages can also include pipework systems

Complete peace of mind – no hidden costs

Let CPC supply and maintain your compressed air, Nitrogen and vacuum systems and take away the uncertainty of old and obsolete equipment.

CPC also offer sales and maintenance options on:

- Compressed air plant and ancillaries
- Pneumatics
- Full design and installation service
- Written scheme and examination for pressure systems
- Energy audits
- Leak detection audits
- Nitrogen generation systems
- Vacuum systems
- Blower systems

**Reconditioned equipment at competitive prices.
We have over 50 compressors & dryers in stock
